### Spanish Introductory

Let's speak a new language! A fun introduction to Spanish where children learn the language through songs, games, puppets, storytelling, and hands-on activities in an immersion setting. Join us for the story of the City Mouse and the Country Mouse or El ratoncito del campo y el ratoncito de la ciudad in Spanish!

*For children who may not yet be reading or writing.*

**Grades K-1**

### Spanish Beginner

Spin the globe and make discoveries! Children build practical Spanish language skills in a fun small-group, immersion setting with lively games, activities and a colorful workbook. Discover where the language is spoken, explore customs and cultural traditions, and communicate in another language! Topics include greetings, calendar, weather, numbers, colors, shapes, body parts, pets, family, and a birthday party – all in Spanish!

*For children who are reading and writing.*

**Grades 2-5**

*Big Learning classes are taught by native speakers of the language they teach. Workbooks and hands-on activities promote practical use of the language and support early literacy skills. Each session features different topics and themes so children can learn new vocabulary and concepts throughout the school year.*
